Bridge

Am
We are not without struggle
F
We are not without pain
C
But we're not without power
G
For there's power in His name

We are not without failure
And we're not without fault
But His mercy flows freely
That's the grace of the Lord

We are not without grieving
We are not without loss
But we're not without victory
Victory's won at the cross

So we're not without worship
No we're not without song
'Cause the goodness of God
Is what we have got
And to His promise we hold on
